Subject: RE: Friday morning

Karen,

Just to confirm our plans for tomorrow....

Tala Henry and Sheila Canavan of EPA will arrive at 9 am with a laptop. They'd like to connect that laptop to a projector and to WiFi. If that isn't possible please let us know and we'll bring static screenshots too.

The remainder of our group will arrive closer to 930 am.

Please confirm this sounds good.

Regards, Alex

So about 20 to 25 of our member companies, including reps from likely the following: Exxon, Dow, DuPont, BASF, Lyondell, Celanese, Covestro, Shell, FMC, Chevron, Olin, Huntsman, etc.

Won't know who exactly till we get there and make everybody sign in, but you can expect about 20 – 25 member company reps, as well as about 10 or so ACC staff. So audience of about 35.

That help?

Yes, let's do this Friday. If not we can't do till September. And I know timing is important for the EPA folk. We can always drag out the FGAC meeting for 30 minutes if that is easier for the EPA team.

Thank you,
Bryan

Thank you, RJ! I have cc'd Karen so she can help facilitate. Ideally we would give you 15 to 30 minutes to present and answer questions.

Thank you,
Bryan

Subject: Friday morning

ACC has invited us to present on Friday morning to its federal government affairs committee the demo of our new interactive website and what we plan for it in the future. They meet between 9:30 and 11 on Friday morning. I would like to take them up on this and this will help with their members using this site

and for ACC in general to advertise that there's a new tool for ensuring everyone knows where these PMNs are at in the system. I would like for Nancy and the appropriate folks from OCSPP to get together to put together a presentation just kind of like what OCSPP did last week for me but like a little more 101. I think I would like to attend too if I can. This is a great opportunity.
